

500-1D/2D/3D Drawer Warmers

CE

Designed for both durability and exceptional food quality, Alto-Shaam's warming drawers seamlessly integrate into any kitchen layout where hot and fresh, ready-to-serve food needs to stay within easy reach. Featuring Halo Heat® technology, these drawers hold food at optimal serving temperatures without added water or harsh heating elements—preserving taste, texture, and freshness. Choose from flexible configurations: install in cabinets or counters, or stack units to make the most of your space.

Alto-Shaam's warming drawers feature a durable, non-magnetic, stainless steel exterior and removable stainless steel drawer rail supports. Each drawer includes one (1) GN 1/1 stainless steel pan—152mm deep. The unit is operated via an ON/OFF power switch and up and down arrow buttons on a digital display. It also includes a heat indicator light and a temperature display button.

Standard features

- Halo Heat...a controlled, uniform heat source that gently surrounds foods for better appearance, taste, and longer holding life.
- Product moisture is retained without adding water.
- Digital control senses temperature drops faster, providing quick heat recovery time.
- Can be built into cabinets or counters. Built-in trim kits are available.
- Stackable design.
- Vented for optimal moisture control.

Temperature range: 16°C to 93°C

TEMPERATURE

CAPACITY

Size	Pan Quantity	Product Weight per Drawer (kg)
500-1D	One (1) GN 1/1	16
500-2D	Two (2) GN 1/1	16
500-3D	Three (3) GN 1/1	16
